For further information : [claude.harel@parisdescartes.fr](mailto:claude.harel@parisdescartes.fr)

**The Master Class sessions are open to all health professionals and to anyone interested in the history of medicine.**

The Descartes Programme will be available on Paris Descartes University moodle platform along the following format: 3 hours per month over a ten- month-period, from January to December 2018.

The sessions will cover the calendar year from January 2018 to December 2018.

Master Class Core Aspects

1. The History of Medicine Programme will focus on the lives of renowned and emblematic medical figures. Medicine-related issues, such as icono- diagnoses, medicine in Antiquity, significant breakthroughs will also be addressed.
2. The monthly lectures will be recorded and available on the University e- learning platform, three days after the lecture itself.
3. The 2018 sessions will be available both in French and /or in English, thus enabling English-speaking participants to enroll.
4. The distance learning University platform will provide a valuable tool to those who are geographically far from our university. The lectures can be accessed 24/7, with no limit over the year.

#### Master Class Organisational Structure

**Eligibility:** anyone with a keen interest in the History of Medicine.

**Format:** ten lectures over a ten-month period ( i.e. one lecture per month from January to December 2018).

**Venue:** the on-site lectures will be held at :

Paris Descartes University, 12, rue de l' Ecole de Médecine,  
75006 Paris, in the Salle du Conseil ( 1st floor), **on Fridays ( 17:00 – 20:00), once a month.**

No lectures will be held during university holiday breaks.

The lectures will also be available on the Paris Descartes distance-learning platform.

**Accreditation:** Two options are available:

Option A) The students who choose to watch the ten recorded lectures are then required to provide a short dissertation

(either in French or in English) covering a topic related to the History of Medicine.

Once approved by the pedagogical committee, the dissertation (or 'mémoire') will have to comply with the university requirements.

The format of the dissertation will follow a specific plan, previously sent to all the students on this programme.

The Master Class directors will grade the student's 'mémoire', and then deliver a 'University Certificate of a Master Class Programme in the History of Medicine, at Paris Descartes Medical School, Paris, (France).

Option B) The students may choose not to write a 'mémoire' but are

nevertheless, very keen to register on this course. They will be awarded a 'Validation of Distance-Learning Programme Attendance, at Paris Descartes Medical School, Paris, France.

The participants will be required to attend the ten lectures with an 80% attendance rate.

**Programme registration:** as of late November 2017 until mid-January 2018 (when the programme starts.)

Please, see the online registration option below.

**Registration fees:**

350 euros (including university registration)
